**AMY MACKENZIE**

DESIGNING HER LIFE

As an award winning coach, international speaker + community facilitator I love the opportunity to empower women to live their best, most inspired life.

I am so passionate about helping fellow women in business connect back into what it is they truly want. Uncovering or rediscovering their hearts desires, wildest dreams and falling head over heels in love with themselves, their life and their business.

“I had the pleasure of having Amy Mackenzie as one of my guest speakers for my Gather the Girls to Get Real event.

The event was a conversational style night and so we had to be prepared for anything. Even in our discussions prior I felt confident in Amy’s ability to bring the content I was after. Amy is a natural, inspiring and fun speaker. She was confident when asked questions and beautifully shared insights of her own life that inspired the audience to lead a more joyful and meaningful existence.

Amy is the kind of person you are drawn to, you cannot wait to hear what she will say next. She is positive, kind & full of wisdom. If you are looking for a speaker to inspire & encourage – I highly recommend Amy.”

Kelly-Anne Kent, @events4change

Combining my personal experiences, with insights from working with passionate, driven, big dreaming female entrepreneurs, I offer inspirational presentations at workshops, seminars and events.

I have a variety of topics I am confident + passionate in speaking about, some of which include:

- ◇ Heart Centred Business Building
  - ◇ Entrepreneurship
  - ◇ Connection + Collaboration
  - ◇ Vision Casting + Goal Setting
  - ◇ Inspired + Authentic Living

**Some key note + workshop style examples include:**

'The Entrepreneurs Journey' covering the challenges, growth + important steps of an entrepreneur in both life + business. Including a snapshot of my own personal journey, tools + techniques to support + empower you + an opportunity to dive into the heart of designing a life + business you love.

Perfect for networking events or a workshop for women in business.

'Inspired Living Workshop' an interactive 60-90 minute workshop, taking you through the journey of setting heart centred goals, inspired actions + celebrating yourself + all you've achieved along the way. Includes highlight sheets + a small gift or special offer for guests.

My personal story + experience - I am very open + honest in sharing my own story to inspire others. Having had a childhood full of lessons, living with chronic pain syndrome for the last 9 years and defying the odds to create a life + business I love using a variety of self development tools, techniques + therapies including coaching, I am able to remind women of what they're capable of + help them to see the light for their own life too.

“Amy conducted an inspired living workshop within my gym for my members and it was an extremely successful night. We had a huge turnout of nearly 25 women who all gained positivity and perspective and flourished in the intimate and personalized workshop Amy ran through. Her gentle and warm nature made everyone at ease immediately, however she is very direct and clear when working through her coaching. It is the perfect combination.”

Chelsea Neems, Crossfit Marquise

“I am a School Chaplain running an in school program for young women to build resilience, inner strength, personal boundaries and to help them learn who they are and where they want to go in life. I asked Amy Mackenzie to come in as a guest speaker and talk to our girls about goal setting.

Amy went above and beyond anything we could have asked for. She spoke to the girls from the heart, sharing a part of her story that they could not only relate to, but be inspired by. She also worked with them, giving them tools and strategies for setting heart centred goals.

We were all so inspired by Amy, I found myself taking notes for my own personal goals while she was talking. Amy was relevant, helpful and connected with the girls. I am incredibly thankful for the wisdom and love that she shared with us.

Nikki Reid, School Chaplain

"I had the pleasure of having Amy Mackenzie as one of my guest speakers for my live event Vision Casting & Life Strategies Workshop. Amy was the perfect coach to

share all about creating Heart Centred Goals.

Leading up to the workshop, Amy was attentive and showed interest in making sure that her content and her presentation was tailored for the group. Her presentation was customised and unique and most importantly rich with gold nuggets and insights that came so naturally for her.

Amy's Speaking style is energising, fun and inspirational and her genuine heart brings a lot of realism and practical thinking to her work.

Her session included action steps that my guests were able to implement right there and then & I'm confident everyone who attended found her presentation extremely valuable.

Amy is simply outstanding and whom I highly recommend."
